* Times and schedule are subject to change.

** All Competitors must register at the USDS Tent (at every event) before making any qualifying passes.

*** It is very important that all competitors be in the staging lanes ready to run in a timely manner.

**** All Winners Runner-Ups please report to "Winners Circle" (with cars).

***** For the this event. Because the track offers a JR Dragster class that is the same as Royal Purple Elite JR. Instead of having 2 classes compete with each other for racers. This class will be offered on both Saturday & Sunday. GBM will increase their payouts to match what USDS offers. The Sunday race will be a points race for USDS competitors with our trophies and payouts. The Saturday race will be organized by GBM. GBM racers will earn points both days. All JR competitors are allowed to enter multiple classes over the weekend.
